Fund(s) being REMOVED- Target risk funds	Replacement Fund(s)-Target Date Funds
Fund Name	Fund Name
BlackRock EAFE Equity Index	Vanguard Total World Stock Index ETF

Why is this change occurring?

Better performance with Vanguard Total World Stock Index ETF relative to BlackRock EAFE Equity Index.

What to do if a Fund is being replaced?

If you are currently invested in a Fund that is being replaced, you have two options:

1) Transfer your assets

You may transfer your assets that are in a Fund that is being replaced to any of the other Fund(s) available under the Contract before the effective date noted. To access a full list of the Plan’s Funds, go to the “Investment Options” page of John Hancock’s participant website. Once you’ve selected the Fund you’d like to transfer your assets into, use the tools available on the website to make the Fund change. Be sure to also update the allocation instructions that we currently have on file for you accordingly. If you do not have access to this website, call John Hancock at 1-800-395-1113 (or 1-800-363-0530 for Spanish).

2) Leave the assets in the Fund

If you do nothing and leave the assets in the Fund that is being removed then, on the effective date noted, the portion of your account balance invested in such Fund will be liquidated and reinvested in the corresponding Replacement Fund, as described above. Your contribution allocation instructions that is currently on file for you will also be adjusted accordingly.

Important considerations when making investment decisions

When making investment decisions, it is important to review the Fund’s objectives, fees and expenses as this information may vary from Fund to Fund. It’s also important to carefully consider your personal circumstances, current savings, monthly earnings and retirement lifestyle goals and risk profile. The principal value of your investment in any Fund, as well as your potential rate of return, is not guaranteed at any time. Also, neither asset allocation nor diversification ensures a profit or protect against a loss. Funds can suffer losses at any time and there is no guarantee that any Fund will provide adequate income at and through your retirement. Also, past performance is no guarantee of future results.

How to obtain additional information?

To learn more about the Funds available to the Plan, including information about the Fund(s) noted above, go to the “Investment Options” page of John Hancock’s participant website www.myplan.johnhancock.com. There, you’ll have access to many resources to help you with your investment decisions, such as a listing of all the Funds available to the Plan, Fund sheets for each Fund listed, and other important fee and performance information. You can also review the “404a-5 Plan & Investment Notice” (404a-5 Notice) that was previously provided to you. Its *Investment Comparative Chart* section contains information about Fund performance and total annual operating expense (TAOE).

If you would like to receive another paper copy of the 404a-5 Notice, contact your plan administrator. Please call 1-800-395-1113 to obtain Fund Sheets for the group annuity investment option sub-accounts and to obtain prospectuses for the sub-accounts' underlying funds, that are available on request. The prospectuses for the sub-accounts' underlying funds contain complete details on investment objectives, risks, fees, charges, and expenses as well as other information about the underlying funds which should be carefully considered before investing.

Please Note: *If you are not currently enrolled, are not eligible to contribute and/or do not have an account balance in your Plan, parts of the information on these pages may not pertain to you*
